- Students must log in 10 minutes before time to avoid any last minute technical issue.
- It would be appreciated if parents supervise the children during test.
- The parent should counsel the child to attempt the test honestly and discourage them from using unfair means. The main purpose of these exams is to test their learning outcome rather than scorning high grades.
- Annual Exam comprises paper 1 and paper 2.
- Both the papers will be conducted on the same day.
- Paper 1 will be objective and paper 2 subjective.
- Time slots have been allotted to each class with dates.
- The respective class teachers and subject teachers will apprise all children in the Webex class as to how the exam will be conducted.
- Any communication regarding exam can be done through a message to the class teacher.
